
Aswan day trip to Philae Temple, Unfinished Obelisk and High Dam

 Aswan.

Duration	Tour type	Group size	Runs
 8 Hours	 Private	 Private	 Everyday

Overview

Enjoy an exciting [Aswan day tour](#) to the Philae Temple, the Unfinished Obelisk, and the High Dam where you will get to see famous Aswan landmarks. Discover the beauty of the Philae Temple, dedicated to the Goddess Isis, situated on an island in the Nile River; marvel at its intricate architecture set against a serene background.

Next in your Egypt trip, see the great Unfinished Obelisk in [Aswan](#), which still shows techniques used for creating stone blocks in ancient times. Seeing the Unfinished Obelisk, where you can observe how enormous stone blocks were cut using crude tools centuries ago, still brings out a lot of excitement. At the end of your [Egypt day tour](#), you will visit the High Dam, another engineering marvel grasping the Nile ever so closely and diverting its flow along with countless other functions of irrigation.

Itinerary

Day 1

Trip to Philae Temple, Unfinished Obelisk and High Dam

After having breakfast at your hotel, a professional guide will pick you up in a private air-conditioned vehicle for a whole day long to explore some landmarks of Aswan.

Philae Temples

You'll stop first at the spectacular [Philae Temples](#) dedicated to the goddess Isis, offering insight into the ancient religion of Egypt. While exploring halls and shrines with intertwined depictions, your guide will give you a dramatic account of the complex relocating. After the High Dam was completed, the complex was relocated to protect it from flooding.

Unfinished Obelisk

Your trip will now lead you to the [Unfinished Obelisk](#), an imposing yet graceful hunk of stone partially carved from the rocks in an ancient quarry.

The High Dam

The [Aswan High Dam](#) stands as your next scheduled attraction because its completion brought permanent transformations to Egypt's economic system and environmental reality. A guide will describe how the dam functions as a vital water management system for Nile River flow control while stopping floods, creating power, and irrigating extensive agricultural land areas.

Once you are done with your [Egypt tour](#), you will safely transfer back to your hotel.
